HEALTH DEPARTMENT DENTAL CLINIC CLOSING

The Hart County Health Department Dental Clinic will be closed for the foreseeable future as of November 5, 2008. A health department dental clinic will continue to operate in Carnesville, GA, and no current patients will be denied access to care. We regret that this closing is necessary, and ask that you continue to visit the Hart County Health Department for all your other public health care needs.

The dental clinic closing is a result of a lack of available dental personnel at this time. Should additional personnel become available, services would resume.

If your child was receiving dental care at the Hart Co. dental clinic, we encourage you to continue scheduling regular dental care for them, whether through one of the local dentists, or at the nearby Franklin Co. Health Department Dental Clinic in Carnesville. The Franklin Co. Health Department clinic would consider it a privilege to continue treating your Medicaid and Peach Care eligible children. Please feel free to call to schedule your children's appointments.

The Franklin County Health Department Dental Clinic is located at 6955 Georgia Highway 145 South, across from Franklin County High School. The contact number is 706-384-5575.
