Beckstein/Shelton

Boyhood to manhood luncheon fundraiser

The purpose for the fundraiser is to support a pilot initiative that will impact the lives of moderate to low income males in the following ways:

- To support their delaying fatherhood and graduating from high school with the expectation of continuing their education.
- Support their involvement in existing leadership activities in their schools and community.
- Encourage and reward males for developing and executing positive activities impacting the lives of other boys in our four key goal areas within moderate to low income community: Personal Integrity, workplace literacy, civic awareness and academic proficiency.
- Provide support and guidance for males to pursue leadership development training at conferences, workshops, or summits with the goal of using those skills to help others males.
- Creating a sustainable legacy that will honor grassroots principles similar to Gene Beckstein and Nathaniel Shelton.

Thursday, June 17, 2010

11:30 am to 1:00 pm

We are gathering stories from men that were inspired by Mr. Shelton and Mr. Beckstein to produce a video to be shown at the luncheon. If you would like to share a story, please call 770-535-5743 by March 25, 2010 to inquire about being interviewed for the video.

Sponsored by: District 2 Public Health – Men's Health Initiative, Hall County Boys and Girls Clubs, Brenau University, United Way of Hall County, Morehouse School of Medicine, Gainesville City Schools, Hall County Cooperative Extension, and a number of individual community volunteers.
