### **WHITE COUNTY HEALTH DEPARTMENT OFFERS FLU SHOTS FOR \$10**

GAINESVILLE, GA -- The White County Health Department has a limited amount of influenza vaccine left and is now offering flu shots for \$10. Seasonal influenza activity for the 2011-2012 season has been low, however the influenza virus is unpredictable, and the situation could change at any time. Flu season typically begins in October and runs through May, so getting the vaccine now would offer protection for the remainder of flu season and through the summer. Individuals can make an appointment to get the flu vaccine at the health department by calling 706-865-2191.
