

Public Health

There are many organizations in our area that welcomes volunteers. District 2 Public Health sponsors the Northeast Georgia Mountains Medical Reserve Corps that is made up of people with both medical and non-medical backgrounds. To become a member of the Medical Reserve Corps, go to <https://servga.gov> website and register.

Members of the Medical Reserve Corps would assist public health in a variety of situations that could threaten the health of residents in our area. Because of the small number of public health workers, we will depend on our MRC members to help us meet the needs of our residents during incidents requiring mass dispensing of prophylactic medications or mass immunizations against disease outbreaks.

If you feel that you would like to volunteer but aren't sure that the MRC is right for you, there are other opportunities available:

American Red Cross

Northeast Georgia Chapter of the American Red Cross
<http://www.negaredcross.org/>

<http://www.townscountyfirecorps.org/>

Community Emergency Response Teams (CERT)
<http://www.hallcounty.org/ready>

Lavonia Police Department
Mt. Airy Police Department
